Notice of Fee Increase on October 1, 2004

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2004, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" because an increase in fees effective on October 1, 2004 is anticipated. See Revision of Patent Fees for Fiscal Year 2005; Proposed Rule, 69 Fed. Reg. 25861, 25863, 25864 (May 10, 2004).

The current fee schedule is accessible from WEB site (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2004 (or mailed with a certificate of mailing on or after October 1, 2004), the issue fee paid should be the fee that is required at the time the fee is paid. See Manual of Patent Examining Procedure (MPEP), Section 1306 (Eighth Edition, Rev. 2, May 2004). If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See MPEP Section 1308.01.

Effective October 1, 2004, 37 CFR 1.18 is proposed to be amended by revising paragraphs (a) through (c) to read as set forth below. As stated above, the final fee may be a different amount, and applicant should check the WEB site given above when paying the fee.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
 - By a small entity (Sec. 1.27(a))..... \$670.00
 - By other than a small entity..... \$1,340.00
- (b) Issue fee for issuing a design patent:
 - By a small entity (Sec. 1.27(a))..... \$245.00
 - By other than a small entity..... \$490.00
- (c) Issue fee for issuing a plant patent:
 - By a small entity (Sec. 1.27(a))..... \$325.00
 - By other than a small entity..... \$650.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

In the claims:

1. (Currently twice amended) A method for processing a plurality of undeliverable mail items comprising the steps of:
 - encoding data including intended recipient identification information on each of a plurality of mail items from a sender prior to mailing;
 - receiving those items of the plurality of mail items that are returned as being undeliverable;
 - scanning and decoding the encoded data on the items of undeliverable mail to identify intended recipients having incorrect addresses; and
 - electronically transferring to the sender information for the identified intended recipients for the sender to update the sender's mailing address files.

Art Unit: 3629

3.1 Authorization for this Examiner's Amendment was given in a telephone interview with representative Timar on 17 June 2004.

4. The following is an Examiner's Statement of Reasons for Allowance:

A) the prior art, for example, either:

(1) Sansone et al (5,925,864) which discloses a mail processing system that applies both machine readable encoded recipient address information, for example a PDF 417 barcode, and the recipient's address information to an item of mail. The item of mail is then places in the mail delivery system. When an item of mail can not be delivered as addressed, the item of mail is returned to the sender and the machine readable information and recipient address information are acquired by scanning the item of mail. The scanned information is then used to obtain the correct recipient address and the sender's record of the recipient's address is corrected.

(2) Uhl et al (6,292,709) which discloses a mail processing system that applies both machine readable encoded recipient address information, for example a PDF 417 barcode, and the recipient's address information to an item of mail. The item of mail is then places in the mail delivery system. When an item of mail can not be delivered as addressed, the item of mail is returned to the sender and the machine readable information and recipient address information are acquired by scanning the item of mail. The scanned information is then used to obtain the correct recipient address and the sender's record of the recipient's address is corrected. It is further noted that the item of mail is transported through the system of Uhl ('709).

B) however, in regard to claims 1 & 24, the prior art does not teach or suggest:

(1) encoding recipient identification information on a plurality of item of mail;

(2) identifying the intended recipient and a possible incorrect recipient address of undeliverable mail by scanning and decoding the encoded intended recipient information; and

Art Unit: 3629

(3) sending the identified intended recipient information to the sender so as to update the sender's address files.

Claims 2-9, 25-31 & 36-38 are allowable for the same reason.

C) however, in regard to claims 10 & 19, the prior art does not teach or suggest:

(1) identifying the intended recipient and a possible incorrect recipient address of undeliverable mail by scanning and decoding the encoded intended recipient information;

(2) using the identified intended recipient information to gather updated address data for the identified intended recipient; and

(3) sending the identified intended recipient information to the sender so as to update the sender's address files.

Claims 13-18, 20-23 & 32-35 are allowable for the same reason.

4.1 Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.".

5. Response to applicant's arguments.

5.1 All rejections and objections of the previous Office action not repeated or modified and repeated here in have been over come by applicant's last response.
